What is Premier Plans?

The American Care Premier Plans is designed to save you money every time you need healthcare by providing you and your enrolled family members access to medical services at a discounted rate.

American Care is a healthcare provider that provides direct healthcare services to its patients. American Care is also licensed in Florida as a discount medical plan organization to provide discounted medical services to its Premier Plan members. You and your family can receive these discounted services as often as you need from American Care's healthcare providers.

How does it work?

American Care Premier Plans members may access services for primary care physicians, some specialty physicians, selected pharmacy and some diagnostics through both the American Care Medical Centers and other contracted providers. You may present for services by showing your American Care Premier Plans membership card, and the provider verifies your current eligibility by calling or checking on line at www.americancare.net/verify. You also can go to this site to see if you are current on your payments.

What are the fees?

American Care Premier Plans has a single, one-time non-refundable processing fee of \$30.00. Then you pay a monthly fee to access the discounted services.

Payment schedule
Individual: \$30 per month

Premier Plans

American Care Premier Plan is not insurance. This plan provides discounts at certain health care providers for medical services. The plan does not make payments directly to the providers of medical services. A plan member is obligated to pay for all health care services but will receive a discount from those health care providers who have contracted with the discount plan organization. Premier Plans is offered by American Care, Inc. a licensed Discount Medical Plan Organization at 11255 SW 211 St, Miami, FL 33189.
